

The Bombing of Nagasaki

before

After

S/R

S/R

S

The blast created by the atomic bomb was so bright military personnel had to protect their eyes .

Refute

"... all of us became aware a giant flash that broke through the dark barrier of our arc welder's lenses and flooded our cabin with intense light."

S

The eyewitnesses of the bomb used on Nagasaki were in awe of its tremendous power.

S

Support

Refute

"Awestruck, we watched it shout upward..."

S

The lingering effects of the bomb resembled that of a living creature.

S

Support

Refute

"It was a living thing, a new species of being, born right before our incredulous eyes."
